Description

Sea Ray 540 Sundancer | Twin Rebuilt Detroit Diesel 8V92s | Extensively Refurbished | One of Australia's Finest Examples

There are boats that have simply been maintained, and then there are boats that have been reimaged.

This exceptional Sea Ray 540 Sundancer is firmly in the latter category.

Beautifully optioned from the factory and the beneficiary of an extraordinary refurbishment program, this is one of the most comprehensively upgraded and mechanically sorted Sea Ray 540s to become available in Australia. Purchased with the intention of long-term ownership, no expense has been spared in transforming this vessel into a truly turn-key luxury cruiser.

Accompanying the yacht is an extensive portfolio of invoices documenting approximately \$400,000 invested in mechanical refurbishment, electrical upgrades, luxury improvements and preventative maintenance by the current owner. Most, if not all, of these works have been completed within the past three years, making this one of the most extensively updated examples currently on the market.

Why This Sea Ray 540?

Finding a Sea Ray 540 is easy.

Finding one where virtually every major mechanical, electrical and cosmetic system has already been addressed is exceptionally rare.

Rather than undertaking years of refit work, coordinating multiple marine contractors and enduring lengthy periods out of the water, the next owner has the opportunity to enjoy the rewards of one owner's uncompromising commitment to quality. Recreating a vessel to this standard today would require an enormous investment of both time and capital.

Every improvement has been carried out with reliability, usability and longevity in mind, resulting in a yacht that delivers the timeless styling and renowned build quality Sea Ray is known for, while offering the confidence and functionality of a far newer vessel.

Twin Rebuilt Detroit Diesel Power

Power comes from the legendary twin Detroit Diesel 8V92 engines, both of which have been professionally rebuilt by renowned marine specialists Transmarine.

Supported by comprehensive documentation, the engines represent one of the largest investments that can be made in a vessel of this size, providing exceptional confidence for extended coastal cruising.

Supporting these major mechanical works are:

- Twin professionally rebuilt Detroit Diesel 8V92 engines

-
- Rebuilt generator
 - New marine air-conditioning system
 - Hydraulic steering upgrades
 - New shaft seals
 - Engine room refurbishment
 - Bilge restoration
 - Extensive drivetrain servicing
 - Comprehensive preventative maintenance program

With the major mechanical refurbishment now complete, the next owner can simply enjoy the vessel with confidence.

A Complete Electrical Transformation

One of the defining features of this vessel is its complete electrical refit.

Professionally rewired to comply with Australian 240V standards, virtually every electrical system onboard has been upgraded or replaced. From new switchgear and charging systems to LED lighting throughout the vessel, underwater lighting and premium onboard technology, the electrical infrastructure has been transformed to a standard seldom found aboard a Sea Ray of this generation.

Highly Optioned From New

Unlike the majority of Sea Ray 540s, this example was ordered with an exceptional factory specification.

Its most striking feature is the rare factory extended hardtop, extending approximately 1.8 meters further aft than the standard configuration. This highly desirable option dramatically increases the protected cockpit area while giving the vessel a distinctive profile rarely seen on other examples.

The cockpit has been thoughtfully designed for entertaining and relaxation, featuring:

- Rare factory extended hardtop
- Electrically operated convertible aft sun lounge
- Hydraulic swim platform
- Spacious cockpit entertaining area
- Wet bar with built-in ice maker

-
- Excellent flow between cockpit and saloon

Whether entertaining family and friends, enjoying weekends away or embarking on extended coastal adventures, it is a space that rivals many much newer yachts.

Designed for Extended Cruising

Stepping below reveals the quality that established Sea Ray as one of America's premier luxury yacht builders.

The generous two-cabin, two-bathroom layout is centred around a spacious full-beam master stateroom, complemented by a forward VIP cabin, beautifully crafted American cherry timber cabinetry and a bright, open saloon designed for comfortable living aboard.

The galley is equally well equipped for extended cruising and now benefits from the addition of a new washer/dryer combination, allowing owners to comfortably spend weeks away exploring Australia's coastline without compromise.

Completing the package is a near-new Aurora Adventure V345 centre console tender, powered by a Mercury 20HP EFI four-stroke, making exploring secluded beaches, waterfront restaurants and nearby islands effortless. Launching and retrieving the tender is equally simple thanks to the hydraulic swim platform.

Presentation That Matches the Engineering

The presentation of this vessel reflects the same attention to detail that has been invested mechanically.

Recent improvements include:

- New custom covers and clears
- Extensive upholstery refurbishment
- New cockpit carpet
- Professional cut, polish and detailing
- Fresh antifoul and PropSpeed
- Stainless restoration
- New LED lighting throughout
- Numerous cosmetic improvements throughout

It is immediately apparent that this yacht has been maintained to an exceptionally high standard and presents accordingly.

Key Highlights

- Approximately \$400,000 invested in documented maintenance, upgrades and refurbishment

-
- Most, if not all, major works completed within the past three years
 - Twin professionally rebuilt Detroit Diesel 8V92 engines
 - Complete Australian-compliant 240V electrical rewire
 - Twin Raymarine Axiom+ multifunction displays
 - Raymarine Quantum 2 Doppler Radar
 - Raymarine AIS transceiver
 - Victron inverter and charging system
 - New AGM battery bank
 - Rare factory extended hardtop (approximately 1.8 metres longer than standard)
 - Electrically operated convertible aft sun lounge
 - Hydraulic swim platform
 - Wet bar with built-in ice maker
 - New marine air-conditioning system
 - Rebuilt generator
 - New washer/dryer combination
 - New custom covers and clears
 - Aurora Adventure V345 centre console tender with Mercury 20HP EFI
 - Extensive documented maintenance portfolio available for genuine purchasers

This is far more than simply another Sea Ray 540.

It is an opportunity to own one of Australia's most comprehensively refurbished, mechanically sorted and highly optioned examples—where the significant investment has already been made and the next chapter is simply to enjoy it.

Inspection will impress even the most discerning buyer.
