Description

2005 Caribbean 32 Flybridge - Twin Cummins 6BT | Extensive Upgrades | Turn-Key Offshore Performer

Luxury Boat Sales QLD is proud to present “Basil II”, a standout 2005 Caribbean 32 Flybridge, combining proven offshore capability with genuine family comfort.

Built on the legendary Caribbean hull platform, this vessel features a solid hand-laid fibreglass deep-V design, delivering a soft, dry ride offshore while maintaining excellent stability at rest. With a wide 3.56m beam and a reputation built over decades, the Caribbean 32 is widely regarded as one of the most capable and trusted flybridge cruisers in its class.

Powered by twin Cummins 6BT 5.9L diesel engines (220hp each) and paired with shaft drives, this is a drivetrain perfectly suited to the hull — offering excellent balance, straight tracking, fuel efficiency, and long-term reliability. With a recent full rebuild on the starboard engine (approx. 50 hours), this vessel offers strong mechanical confidence for the next owner.

The layout is equally impressive, featuring a large cockpit (one of the biggest in its class), wide walkaround side decks, and a flybridge helm with excellent visibility. Whether fishing, entertaining, or cruising, the space and usability on offer rival many larger vessels.

Why This Boat Stands Out

The Caribbean 32 has earned a strong following across Australia, thanks to its proven offshore performance, solid construction, and versatile layout.

With a diesel shaft-drive setup, excellent cockpit space, and practical layout, it offers the capability and confidence of a much larger vessel while remaining manageable and economical to own.

“Basil II” presents as a well-maintained example, with key upgrades already completed and strong mechanical foundations, making it a great

opportunity in a highly sought-after model.
