Power Type	Power	Stock Number	LBSQ151
Condition	Used	State	Queensland
Suburb	RUNAWAY BAY	Engine Make	Yanmar

Description

2006 Luhrs 28 Open | Twin Yanmar Diesels | Extensively Upgraded | Turnkey Offshore Fishing

An exceptionally well-equipped Luhrs 28 Open, benefiting from substantial mechanical refurbishment, premium electronics upgrades and a comprehensive maintenance history.

Built with serious offshore fishing in mind, the Luhrs 28 Open is renowned for its solid construction, generous beam and capable offshore performance. This 2006 example has benefited from significant investment between 2023 and 2026, resulting in a highly capable fishing platform with the equipment and comfort to enjoy everything from extended offshore trips to relaxed coastal cruising.

Powered by twin Yanmar 4LHA-STP 240HP turbo diesel engines on shaft drives, this Luhrs offers dependable diesel performance with a comfortable cruising speed of approximately 18–20 knots and a reported maximum speed of 28 knots. With a generous fuel capacity, dual helm stations and an extensive Simrad electronics package, the vessel is well equipped for serious offshore adventures.Extensive Mechanical Refurbishment

A major highlight of this vessel is the considerable mechanical work completed in recent years, supported by comprehensive service and maintenance records.

Recent works include:

•

Heat exchangers and intercoolers professionally serviced in 2024

•

Port and starboard turbochargers fully reconditioned by MTS Turbo during 2025–2026

•

Exhaust pipes and elbows replaced in 2026

•

Fuel injectors serviced and replaced where required at approximately 4,000 hours

•

Engine oil analysis completed at approximately 4,600 hours, with favourable results reported

•

Ongoing engine servicing and preventative maintenance

•

Victron battery charging system and upgraded batteries fitted in 2026

•

Seaworthiness survey completed in 2025

With approximately 4,600 engine hours, the maintenance history is an important part of this vessel's appeal. The engines have seen regular use, with considerable attention given to key mechanical components and preventative servicing.Premium Simrad Navigation & Fish-Finding Package

This Luhrs has been equipped with an impressive suite of fully networked Simrad electronics, providing excellent navigation, radar and sonar capabilities across both helm stations.

Lower Helm

•

2 × Simrad NSS12 EVO3S 12-inch multifunction displays

•

Simrad AP44 autopilot controller

•

GME GX750B black box VHF marine radio

Upper Helm / Flybridge

- Simrad NSS9 EVO3S multifunction display
- Simrad S2009 1kW fish finder
- GME marine VHF radio

Additional Navigation Equipment

- Simrad S5100 sonar module
- Airmar B275LH-W bronze through-hull CHIRP transducer
- Dual-channel CHIRP operating at 42–65kHz and 150–250kHz
- Simrad NAC-2 autopilot computer
- Simrad precision compass
- Simrad HALO20+ radar

This comprehensive electronics package offers excellent fish-finding capability, detailed charting and confident navigation for those venturing further offshore.Purpose-Built for Offshore Fishing

The Luhrs 28 Open is a proven offshore fishing platform, offering a substantial 3.51m beam, practical deck layout and the stability expected from a dedicated sportfishing vessel.

The spacious cockpit provides plenty of room for multiple anglers, complemented by outriggers, a cockpit refrigerator/deck cooler and convenient access around the vessel.

Dual helm stations provide the flexibility of operating from the enclosed lower helm or elevated flybridge, offering excellent visibility when navigating, locating fish or manoeuvring around the action.Comfortable Accommodation

While fishing capability is at the heart of the Luhrs design, this vessel also offers comfortable accommodation for overnight trips and extended weekends away.

The air-conditioned cabin features sleeping arrangements for approximately two to four, refurbished cabinetry with additional wardrobes and drawers, and a practical galley equipped with an electric cooktop, microwave and freezer.

An enclosed bathroom with shower, marine toilet and hot water facilities adds convenience, while the 200L freshwater capacity makes longer trips more comfortable.

A Fusion marine entertainment system with Alpine speakers completes the onboard package.Key Features & Equipment

Performance & Mechanical

- Twin Yanmar 4LHA-STP 240HP turbo diesel engines
- Approximately 4,600 engine hours
- Twin shaft-drive configuration
- Combined 480HP
- Cruising speed approximately 18–20 knots
- Reported maximum speed approximately 28 knots
- Extended-range fuel capacity
- Upper and lower helm stations

Fishing & Deck Equipment

- Spacious offshore fishing cockpit
- Outriggers
- Cockpit refrigerator/deck cooler
- Electric anchor windlass with foot controls
- Wide 3.51m beam
- Practical deck layout for offshore fishing

Accommodation & Comfort

- Air-conditioned cabin
- Sleeping accommodation for approximately 2–4
- Refurbished wardrobes and drawers
- Electric cooktop and microwave
- Galley freezer
- Enclosed bathroom with shower
- 240V hot water system
- 200L freshwater capacity
- Fusion stereo with Alpine speakers

Electrical & Safety

- Victron battery charging system
- Upgraded batteries fitted in 2026
- 200Ah house battery
- Separate engine starting battery banks
- Four bilge pumps
- Marine VHF radios at both helm stations
- 2025 seaworthiness survey
- Comprehensive maintenance records available

A Serious Offshore Package

Finding a well-equipped diesel offshore fishing vessel with this level of mechanical investment, electronics and documented maintenance history is becoming increasingly difficult.

The combination of proven Yanmar shaft-drive power, a comprehensive Simrad navigation package and extensive recent refurbishment makes this Luhrs 28 Open a compelling option for buyers seeking a capable bluewater fishing platform.

With the major mechanical work attended to and a 2025 seaworthiness survey available, this vessel is presented as a turnkey offshore package, ready for its next owner to enjoy.
