Description

2007 SEA RAY 270 SLX

BIG BLOCK V8 | CAMMED & REBUILT | STRAIGHT PIPE EXHAUST | UPGRADED SOUND SYSTEM | NEW SEADECK

Luxury Boat Sales QLD is proud to present this extensively upgraded 2007 Sea Ray 270 SLX, combining the quality, comfort and exceptional layout Sea Ray is renowned for with the sound and performance of a rebuilt MerCruiser 8.1L Big Block V8.

The 270 SLX is one of Sea Ray's most popular large bowriders, offering an impressive amount of entertaining space while retaining the performance and handling expected from a premium sports boat. With a wide 2.74m beam, deep-V hull and expansive bow and cockpit seating, it makes an excellent platform for cruising, entertaining, watersports or simply spending the day anchored up with family and friends.

This particular vessel takes the concept considerably further.

At its heart is a rebuilt MerCruiser 8.1L Big Block V8, which has also been cammed and fitted with a straight-pipe exhaust system. The result is a seriously impressive V8 soundtrack that suits the character of the boat perfectly.

Complementing the engine is a substantial upgraded sound system featuring RGB marine speakers, twin amplifiers and subwoofers, creating an entertainment package designed for days on the water.

The cockpit has also been refreshed with new SeaDek flooring, giving the boat a more modern appearance while providing a comfortable, practical and easy-to-maintain surface throughout the entertaining areas.

KEY FEATURES & UPGRADES

- Rebuilt MerCruiser 8.1L Big Block V8

-
- Electric engine hatch
 - Stainless steel fittings and hardware throughout

ENTERTAINING & LAYOUT

The Sea Ray 270 SLX was designed from the outset as a premium entertaining boat, and its layout remains one of the major reasons these models continue to be sought after.

The open bow provides generous lounge seating for passengers, while the main cockpit offers plenty of room to move around and socialise. A large aft lounge and sunbed create an excellent area for relaxing at anchor, with direct access to the integrated swim platform and boarding ladder.

The cockpit wet bar incorporates a sink and refrigerator, making it easy to keep drinks and refreshments close at hand throughout the day.

For longer days aboard, the boat also benefits from an enclosed private head compartment, providing significantly more practicality than a conventional smaller bowrider.

PERFORMANCE

This is where this particular 270 SLX separates itself from a standard example.

The MerCruiser 8.1L Big Block V8 has been rebuilt and cammed, with a straight-pipe exhaust system delivering the unmistakable sound expected from a large-capacity American V8.

Sea Ray paired the 270 SLX platform with a 21-degree deadrise deep-V hull, providing a combination of performance, stability and a comfortable ride in choppy conditions.

Whether cruising through the Broadwater, heading offshore in suitable conditions or opening it up on a clear stretch of water, this is a boat designed to make the drive part of the experience.

SOUND & LIGHTING

The upgraded audio system is another major feature of the boat.

Featuring RGB marine speakers, twin amplifiers and subwoofers, the system provides substantially more output than the original factory stereo arrangement.

Combined with underwater lighting and RGB speaker illumination, the boat comes into its own during afternoon and evening entertaining.

FACTORY SPECIFICATIONS

Holding Tank Capacity: Approx. 38L

With its combination of big-block V8 performance, upgraded exhaust, huge sound system, underwater lighting, fresh SeaDek and Sea Ray's exceptionally practical 270 SLX layout, this is not your average bowrider.

It offers the space and amenities of a much larger day boat while retaining the performance and open-air experience that makes the SLX range so enjoyable.

For someone looking for a large, high-performance day boat with serious presence and an unmistakable V8 soundtrack, this 270 SLX deserves an inspection.
