The Ultimate Day Boating Experience

- **Robust & Reliable Build:** Manufactured by the globally renowned Gulf Craft, this vessel boasts a strong, yet lightweight fibreglass hull built with advanced three-layer sandwich construction for durability and safety in diverse marine conditions.
- **Performance & Handling:** With a length of 9.4 meters and a wide 3.0-meter beam, it offers a stable and dry ride. Its efficient hull design ensures excellent performance, ideal for open ocean excursions or navigating shallower coastal waters with its shallow 0.5-meter draft.

Premium Features & Upgrades

This specific vessel has been outfitted with top-tier electronics and essential amenities, enhancing its functionality and luxury appeal.

- **Enhanced Water Access:** A key custom feature is the addition of a custom boarding ladder. This high-quality, sturdy ladder ensures safe and effortless access in and out of the water for swimmers, divers, and family members, making re-boarding after a swim a breeze.
- **Comfort & Convenience:** Enjoy creature comforts often optional in this class, including an enclosed head with an electric marine toilet and a convenient cockpit wet bar with a sink and ample icebox storage for extended trips.
