Description

2023 BENNINGTON 23 LX | MERCURY 150 PRO XS

Luxury Boat Sales QLD is proud to present this 2023 Bennington 23 LX, an Australian-delivered premium pontoon boat powered by a Mercury 150hp Pro XS four-stroke outboard.

Built with entertaining and comfort at the forefront, the Bennington 23 LX offers an exceptional amount of usable space, premium appointments and a versatile layout equally suited to family days, entertaining friends or simply cruising the waterways.

The expansive 2.59m / 8'6" beam creates a huge open-plan deck with generous lounge seating throughout. Deep cushioning, premium upholstery and extensive storage beneath the seating provide the comfort and practicality Bennington is known for, while wide walkways make moving around the boat effortless.

A standout feature of this particular configuration is the convertible aft lounge. The adjustable backrest allows the rear seating to be configured to face forward or aft, creating a versatile space whether underway, entertaining at anchor or relaxing overlooking the water.

Entertainment is well catered for with a Rockford Fosgate marine audio system, complemented by RGB accent lighting throughout the boat. Together they create a fantastic atmosphere for afternoon cruising or evenings on the water.

The Bennington Voyager helm provides a comfortable and well-organised driving position with excellent visibility. Integrated storage, a locking glovebox and convenient charging provisions add to the practicality of the helm and keep the cockpit uncluttered.

Power comes from Mercury's impressive 150 Pro XS four-stroke, featuring a large-displacement 3.0L inline four-cylinder platform producing 150hp / 110kW. Well matched to the 23 LX, it delivers strong torque, responsive performance and smooth, quiet operation.
